Boot line Collection

Partial Foot

The Partial Foot AFO combines a brace with a partial foot filler. The filler portion fits inside a shoe built inside of the device and is covered in leather. A removable multi-density insert is included. Please provide a sample of the patient's existing footwear to accompany the order. The patient may need to obtain footwear appropriate for this device.

Clinical Indications

- Trans-metatarsal amputation
- Chopart's amputations
- Syme's amputations
